PROVISION OF SECURITY SERVICES:

FMT security Ltd offers a range of leading security services to its customers, and in order to fulfil its commitments uses its knowledge and experience of the industry to stay abreast of the latest developments to continually improve its management and working practices.

FMT Security Ltd will ensure that it has employed sufficient Security Officers to fulfil our contractual obligations and sufficient supervisory / management staff to manage day and night assignments and to make regular visits to your site(s).

Our Security Officers will have undertaken any SIA licensing, screening and training needed to provide you with staff with the principal objective to prevent loss, whether that is due to theft, misuse, waste, shrinkage, fire, flood and its uncontrolled continuance will lead to the loss of your profitability.

Prior to commencement of the service provided by FMT Security Ltd, a representative will conduct a site survey and produce a report identifying Health and Safety and Security risks that Security Officers could face in carrying out the service provision requested. A copy of this report will be forwarded to you on completion.

At FMT Security, We understand that customer satisfaction is the key to the success of any firm. That's why we work hard to ensure that our customers receives a quality of service that is second to none to guarantee that our reputation continues to build.

TRAINING:

Trainers are SIA (Security Industry Authority) trained and registered to ensure personnel are fully conversant with the latest security training techniques and resources.

Core Competency Training for Security Guarding is delivered in Two stages as follows:

PART 1:

Knowledge based training and assessment (3 Days) Core Competency Training for Security Guarding is delivered in Two stages as follows:
